

## Welcome to AP Statistics!

The directions and resources (chapter 1 of the textbook) that you will need to complete your required summer work for this class will be posted on the **AP Statistics Summer 2022 Google Classroom**. You should receive an invitation to join this Google Classroom before the end of the school year from Mrs. Villano.

If you do not receive an invitation, please email [dvillano@trumbullps.net](mailto:dvillano@trumbullps.net) and provide your information so that you can be invited to join. You will see a document to explain your tasks, a PDF of guided reading questions, and a scanned copy of Chapter 1 of the textbook that you will get in the fall.

All summer work should be completed before the first day of school. Thank you!
